

Ishita Kapoor

ishita.kapoor@example.com | +91 90000 10004 | Mumbai, India

PROFESSIONAL SUMMARY

Machine learning engineer interested in NLP, recommendation systems, and production ML pipelines.

EDUCATION

M.Tech in Artificial Intelligence, IIT Jodhpur — 2025 | 9.1 CGPA

EXPERIENCE

ML Engineer — QuantaMind AI (2025–Present)

- Developed text classification pipelines using Python, PyTorch, and Hugging Face Transformers.
- Built batch inference workflows and evaluation scripts for model quality tracking.
- Partnered with product teams to deploy NLP features into internal applications.

PROJECTS

SupportSense | Python, PyTorch, Transformers, FastAPI

- Created an intent-classification system for support tickets with model evaluation and an inference API.

TECHNICAL SKILLS

Python, SQL, PyTorch, TensorFlow, Scikit-learn, Transformers, Pandas, NumPy, FastAPI, MLflow, Docker
