PROFESSIONAL SUMMARY

Mobile and full-stack developer building production applications with Flutter and Firebase.

EDUCATION

B.E. Computer Engineering, Nirma University — 2024 | 8.2 CGPA

EXPERIENCE

Software Developer — AppNest Digital (2024–Present)

- Built Flutter applications for Android and iOS with Firebase-backed services.
- Implemented push notifications, offline caching, and secure authentication.
- Worked with QA to diagnose crashes and improve release stability.

PROJECTS

FieldTrack | Flutter, Dart, Firebase, Firestore

- Built a field-operations app for task assignment, location-aware check-ins, and offline data capture.

TECHNICAL SKILLS

Dart, Flutter, Java, Kotlin, Firebase, Firestore, REST APIs, SQLite, Git, Android Studio, CI/CD
